

## Project Manager (m/f) 20 - 100 %

We work agile and follow the principles of SCRUM project management. We therefore offer time and location independent jobs. It is far more important to us that you take ownership of your responsibilities and are client-oriented.

We believe modern communication and information technologies allow for greater efficiency in delivering services and that the saved time should be used for your professional education and development.

We are looking for a **project manager or project co-worker**.  
20% to 100% percent employment.

### Your task

- You acquire and manage projects with clients. You offer bespoke proposals and administer projects as agreed. You attain very high client satisfaction.
- You organise appropriate teams according to SCRUM logic.
- You work on projects that have been acquired by your colleagues.

### You

- You have proven methodological, professional, and virtual capabilities with the BeeUp-method (minimum 15 ECTS in team solutions). In gaining the certificate you demonstrated your dedication and adaptability.
- You are also a flexible worker and comfortable communicating offline as well as online.

### We

- Offer you interesting projects, in particular with technological companies.
- Offer an employment where you will learn something new everyday
- Offer a competitive Swiss salary
